

ANNUAL COUNTY FAIR MAGNETIZES

Ye Editor Victimized
By Brigand at FairRascalian, Circus Hangeron, Bilks Humble
Toiler for Two-bits---Must Take
Himo fer Rockefeller

The directors of the Schofield County Fair say this year's undertaking will be the largest the County has seen in ten years.

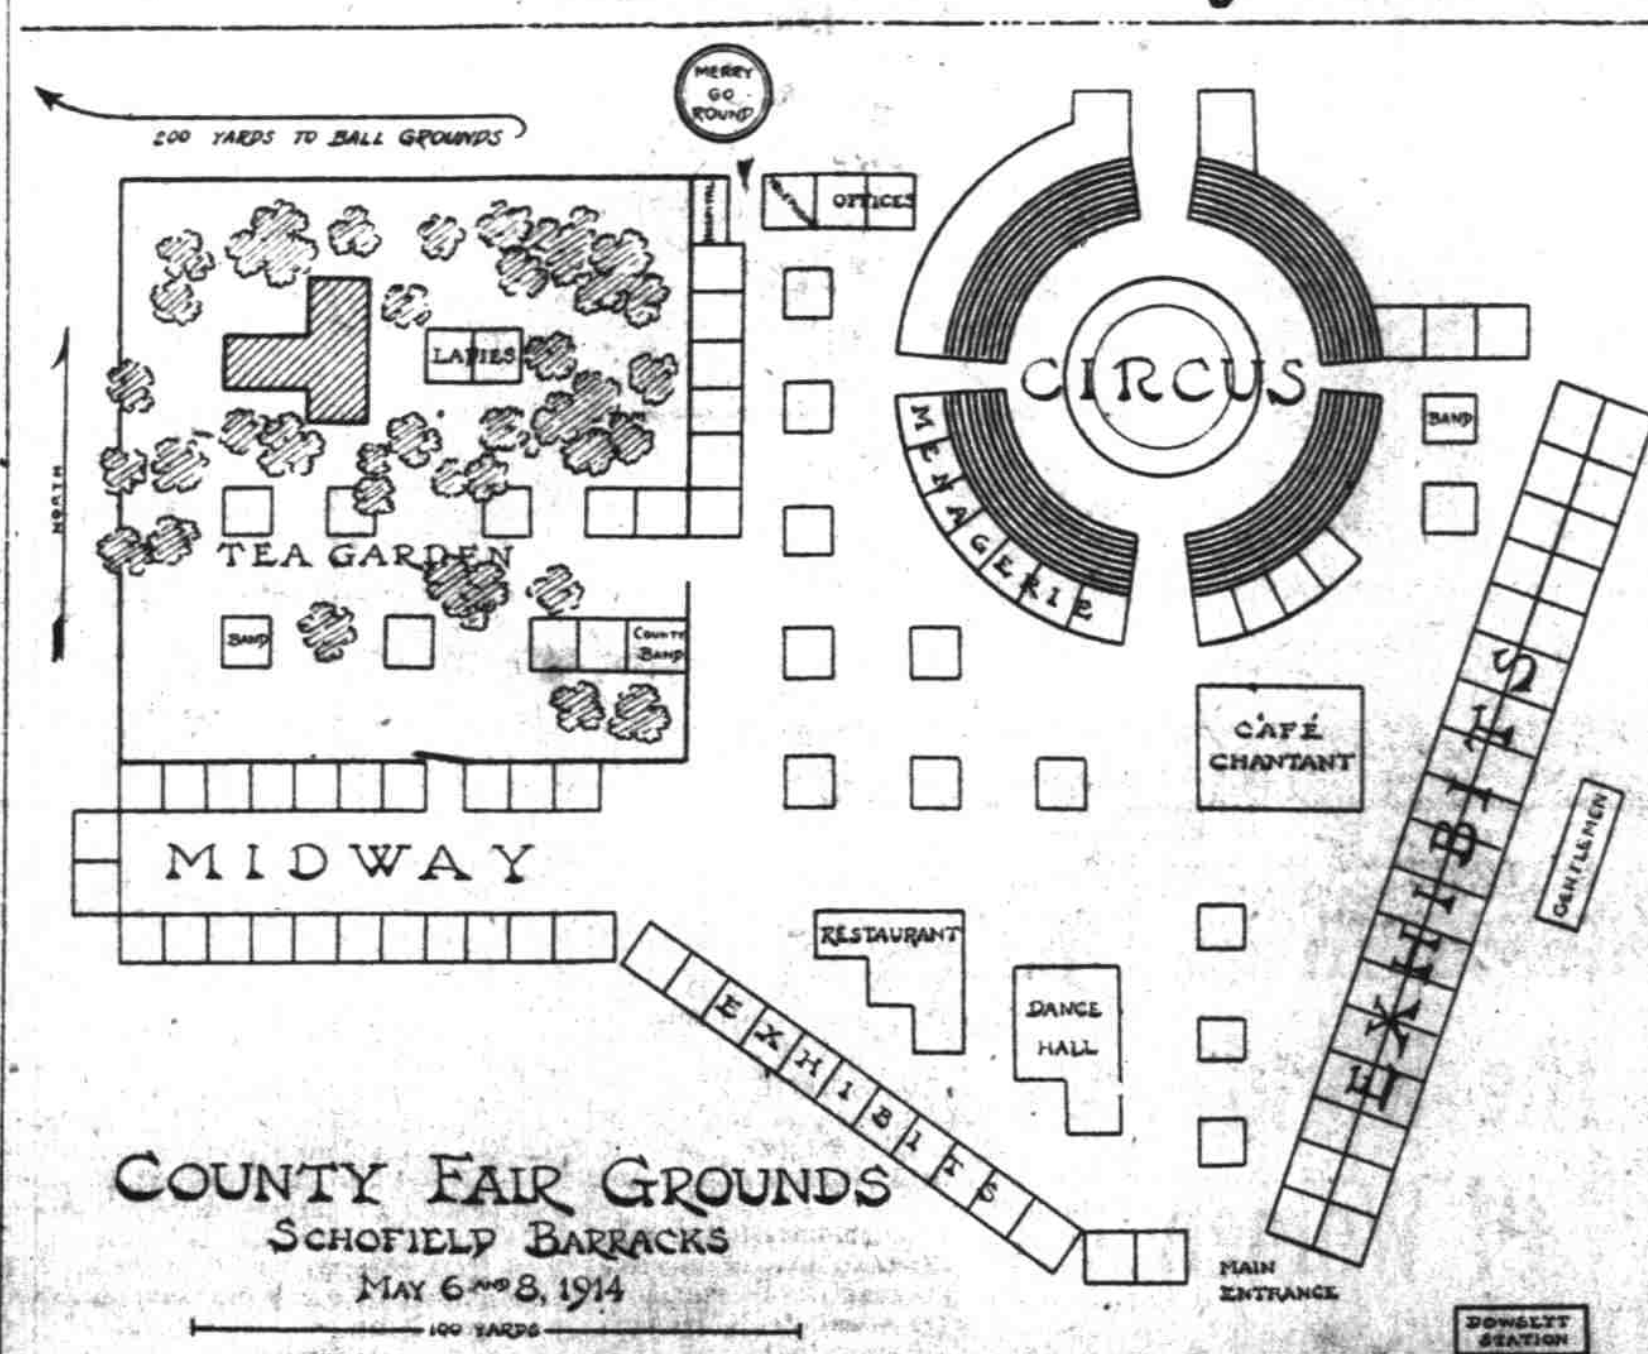

Thousands are expected to attend from all outlying districts. Yesterday's attendance was the largest since the opening of the Fair. Keep it up people for we sure do want to make this Year's Fair a howling success. The way to make this Fair a success is for everybody to come and stay all day, bring the children and your spare change and have a good time.

The Editor took in the County Fair last night and got "sort a took in himself" by a lying, cheating, rascal—a stranger to these parts who must be a hanger on with the circus which by the bye is some circus and were worth the price of admission. Well, to continue, everybody knows the Editor ain't no Rockefeller or

even a Van Asterbilt and that he don't mind losing the two bits so much, as to see our Police force stand around and let our honest citizens be robbed. That feller has two halves of a walnut and a little green pea, and he pays you two for one if you kin guess where the pea is. I knowed I saw that ere pea, so I bets him a quarter, but the gold-durn pea wasn't there at all. Now it was there when he took my bet, so he must a moved it—and this cheating where we was raised! What's worse, our police force was standing by—a just laughed when I made a howl. Mister, you had better get out of town while the going is still good.

Did you know that Elephants would eat chewing tobacco? I didn't till I seed Sam Johnson give that big one with the scalloped ear a chunk. Elephants can get powerful mad some times, an' you know they seems so peaceful-like.

Plain talk about the Fair. The County Fair that will be held on the Sixth and Eighth of this month is primarily a charity institution but it is to serve a double purpose, in that it will enable many people to have a good, wholesome time and at the same time they may feel that they are assisting one of the worthiest charity organizations.

The Army Relief Association. Bill Owens, our enterprising farmer on Milk Creek, is showing a pumpkin at the Fair what sure is some pumpkin. Bill says he kin beat this if the weather man will give him some chance. Too much PLUVIUS & pumpkins don't mix well.

Whole Town of Honolulu
Invited to Visit Us
For the Fair

PURPOSE—The Commanding Officer at Schofield Barracks will, on Wednesday, May 6, and Friday, May 8, 1914, keep open house, and cordially invite all the People of Honolulu, of the Highland of Oahu, and of the Territory of Hawaii to visit Leliehua, and its army post. In order to bring every one together at a common meeting place, a County Fair is to be held in the grounds of the Commanding Officer's quarters, located at the former Jones Ranch house, one time King Kalanikou's hunting lodge. This will afford an opportunity for all to meet,

to get acquainted and to enjoy for an afternoon an evening the entertainment and amusements provided by the County Fair.

Wednesday, May 6, is Officers' Day and Friday, May 8, is enlisted men's day, the program and features to remain the same.

There will be a small Charge for Admission and drinkables, and eatables will be sold at extortionate prices on the grounds. Any profit made will go to the Army Relief Association, a charitable institution with headquarters in the village of New York, Puget Sound.

Honolulu Will Suffer When
Things Start Out Here

Honolulu and the surrounding army posts will almost be depopulated tomorrow and Friday, the days of the Big County Fair at Schofield Barracks. All are invited and all are guaranteed a rattling good time. Tomorrow is termed Officers' Day because the officers and their families will take charge of most of the different forms of entertainment and refreshment booths (particularly the latter), and will fill the roles of barkers, circus managers, sheriffs, constables, actors in the vaudeville, etc. Friday will be Soldiers' Day and the entire entertainment will be turned over to the enlisted men and their families.

On both days a special train will leave for Leliehua at 1:00 p. m. with a special round-trip rate of six bits. Reduced rate tickets are good for return on the regular 6 p. m. train or the special train at 10 p. m. Special rates are also made by all the automobile stands in town for

trips to the County Fair. Most of the offices and munny of the stores will be closed tomorrow afternoon and all the stores will close at noon on Friday.

The first big attraction tomorrow will be the Laseball game between the Coast Defense team and the 1st Hinfantry, commencing at 2 p. m. on the 25th Hinfantry diamond, a very short distance from the Fair Grounds. This is a regular scheduled game on the Army League, and there will be no charge for admission except possibly for a few specially reserved seats. The baseball game for Friday has not yet been decided upon.

Follerin' the ball game will be the circus, another free show in which will be exhibited daring feats of horsemanship, high an' fancy jumping, a broadsword contest on horseback, trained horses an' untrained clowns. The Midway, side shows, komersial exhibits, real army restaurant, dance hall an' cafe chantante will be wide open at all times.

HUMORI!

DON'T READ THIS—
It'll make you feel old when you think how long it has been since you first heard them. We know you don't feel like the Editor does. He allows as how jokes is like whiskey, the older the better.

Why some people have money. A young man connected with the Fair asked old John Battle to buy a ticket on a raffle for a poor old man up at Jason's Mill, and would you think old Battle said no. "I wouldn't know what to do with the poor old man if I did win him."

Jackson—Say, Jensen, why don't you get married?
Jensen—Well, Jack, there are just five reasons why I can't get married—a wife and 4 children.

HE JOINED THE SHOW.
Sam (who has been giving a part in the show)—What part do I take?
Mrg.—You take the part of the heroine's rich uncle.

Sam (delighted)—What is he to do?
Mrg.—Why, he dies ten years before he certain goes up in the first act.

Last week Farmer Oakes heard a disturbance in his chicken house so he took his gun and went out to see what it was. As he opened the door he shouted, "If there is anybody in here they had better come out, for I am going to shoot!" After a few moments a subdued voice answered, "Dead, sah, as kin't nobody here 'ceptin us chickens."

Mrs. O'Reilly—Oh, Mike, where did you get that black eye?

Mike—Oh, it was from one of our anarchists who works with me.

Mrs. O.—Why, the murderin' blackguard, why, etc.
Mike—Sh, darlint, speak easy of the dead.

A brow-beating counsel asked a witness during a trial for assault at what distance he was from the parties when the assault happened. He answered, "Just four feet five inches and a half." "How come you to be so very exact, fellow?" said the counsel. "Because I expected some fool or other would ask me," said he, "so I measured it."
